(SPECIAL TELEGRAM TO THE DISPATCH.)

NEW YORK, Oct. 2.—A national football league of professional players is being organized, and if nothing unexpected happens it will be in the field bidding for public patronage before the close of the coming winter.

For some time past public interest in the national game of baseball has been on the wane, and it is hoped that football by professionals will take its place in public favor.

The idea of a professional football league originated in Chicago, and is said to be backed financially by wealthy members of the University Club of that city, whose interest in the game dates back to their college days.

Mr. Herbert Claude, a well-known Chicago athlete, has been in this city for several days with a view to interesting certain wealthy New York sporting men in the scheme.

Mr. Claude left for Boston last night with the same object in view that brought him to New York.

Mr. Claude is taking the bull by the horns, and is already strengthening for the season of '23. They will have a great outfield in Van Halteren, Smith and Donovan.

The best way to make base ball a more beautiful game is to have a winter league. A baseball championship should not be run in heat like a horse race.

THIRD BASEMAN McCOMB has returned from short trip with Chris Von der Ahe and announces the German president a man to fight with.

THE CLEVELANDS want Captain Comiskey to take them to Princeton at the end of the season, but Comiskey prefers to spend the winter season with his family in Chicago.

THE PITTSBURGH are taking the bull by the horns, and are already strengthening for the season of '23. They will have a great outfield in Van Halteren, Smith and Donovan.
